

**Kaffee-Konzepte informs
about the
New CMB Connector for BiB (Bag in Box)
of the liquid coffee concentrate system**

How to replace the connector:

Important to know: For cleaning, you now also need a cleaning adapter. You must insert this before you put the new CMB adapter in the cleaning bottle for cleaning, otherwise the CMB adapter cannot suck in water.

**Important: Please take notice of page two
of the adapter change instructions.** →

INSTRUCTION ON HOW TO USE THE CLEANING ADAPTER

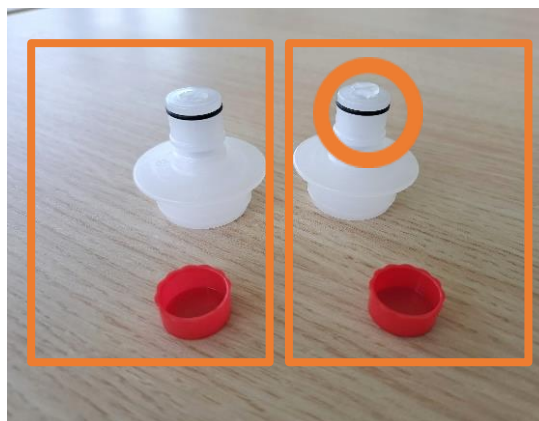

Special Attention of the cleaning adapter:

Please **do not push up** the inner plastic piece.
This makes the cleaning adapter unusable as it can
no longer be connected to the connector.

Do not push this up!
